

Year 7 Literacy and Numeracy Catch-Up Premium

Background

All schools are given the Literacy and Numeracy catch-up premium for students who did not achieve the expected standard in reading or maths at the end of Key Stage 2.

Schools are currently given a grant of £500 per student and are able to identify the best way to use this funding to give extra support to these students using programmes and approaches that are known to be effective.

Since 2016 a scaled score has been used to record the results of KS2 National Curriculum Tests.

A scaled score of 100 will always represent the expected standard on the test. Pupils scoring 100 or more will have met the expected standard on the test.

Range of scaled scores

80 is the lowest scaled score that can be awarded

120 is the highest scaled score

A pupil awarded a scaled score of 100 or more has met the expected standard in each test.

A pupil awarded a scaled score of 99 or less has not met the expected standard in the test.

Schools are accountable for how they spend the grant and have to publish details of this on their website each year.

School Vision

The targeted and strategic use of Catch-Up premium will support us in our school mission, embracing the teaching of Christ, allowing every individual the opportunity to excel academically and socially within a spiritually enhancing and caring community. The Catholic ethos is firmly grounded in core biblical

principles of service, compassion, justice and respect for all, where every pupil is valued as an individual.
