GCSE RESULTS Our results were once again very impressive with nearly all students achieving the results they needed to gain places to pursue their post 16 studies or work-based training.

Despite the various national changes to the exam system, results have improved again on last year. Overall a fantastic 94% achieved a grade 4 (standard grade C) and above in English and 81% have achieved a grade 4 (standard grade C) and above in Maths. 77% of our students achieved 5+ GCSE including English and Maths at grade 4/C and above, with 4.6% of students achieving the new grade 9, a great achievement which is well above the national average!

Nick Gibson, Headteacher commented 'We are extremely proud of our students and we are celebrating another excellent set of GCSE results of which our school can feel justifiably proud. The school shares the success of these results with the pupils who worked hard to achieve their targets and the magnificent support of the staff and our parents. Schools do not succeed in isolation and any credit should be shared equally.'

The GCSE achievements complement our recent excellent Sixth Form International Baccalaureate and BTEC results where the average point score was the equivalent of three A* at A- Level.
